- We recommend you set text larger than 7pt. Small text should be set in a sans serif typeface for increased legibility. Yellow® takes no responsibility for unreadable content in customer supplied files.
- Yellow Local colours are normal CMYK process colours. Customers are billed according to the number of colours used in the ad, i.e. a L2Q uses BLACK only.
- All ad sizes above ending with C are 2 colour ads i.e. LFPC, L2FC, L2HC, L2QC, L1VC and L3TLC but only can contain greyscale images. The two colours can be any combination and do not need to include black.
- All ad sizes above ending with M (LFPM, L2FM, L2HM, L2QM, L1VM and L3TLM) must contain 3 or more colours or full colour photos.
- All colours must knockout (must not overprint).
